By Assistant Chief Meredith-

- Monthly run report attached.
- Truck maintenance is in progress
- Hydrant maintenance is in progress, and the new program, created by the County is wonderful. Commissioner Mere asked if we service the hydrants within mobile home parks? Yes Commissioner Ballard asked if the hydrants are private, are they red? No, all hydrants in our district are yellow.

He added that Station 1's district is almost done, and that the other district's should go quick, because they only grease and flush. We only paint the hydrants, in each district, every 3 years. Commissioner Nottingham asked why the County doesn't maintain the hydrants? Chief Meredith said he wasn't sure, but that ISO always asks about it.

Old Business:

- Millage Increase – Commissioner Ballard said he feels we need to focus on the millage increase and that EMS negotiations and construction will have to take a back seat. Commissioner Mere says he doesn't think that we will be that involved, and that it will not take away from our focus.
